

Price list SPITA ResQ-tape Heavy Duty 2022

SPITA ResQ-tapes come in a wide range of different products. Some products are designed for general use, while some other products are specially designed for a designated application. Details can be found on our website, or requested by sending an e-mail to: sales@spita.eu.

ResQ-tape Heavy Duty 50mm x 7m x 0,75mm (width x length x thickness)

This product is derived from the SPITA ResQ-tape Classic range (made from the same compound) but intended for heavy industrial use and special applications. The tape has a dielectric strength of 15kV per layer and is pressure resistant up to 16Bar. The tape is 50% thicker than standard and very suitable for use on large diameter pipes and cables. Very durable in extreme weather conditions. See for more specifications the SPITA ResQ-tape comparison list.
